By the way, as someone who loves and appreciates nature and all it has to offer, I think that the phrase “live a spirit-filled abundant life” is very fitting. It suggests a life that is filled with joy, love, and connection with others, and that is truly fulfilling and meaningful.

As for the events and activities, it seems like there are some exciting events coming up. The Forge Family Fall Festival plans to be a great way to bring people together and enjoy some fun outdoors. The Bible and Beam Sunday was also a great event, and I hope it will continue to be a success.

Overall, it seems like the community is very active and engaged, and there are many opportunities for people to get involved and make new friends. I would love to attend some of these events and see what all the excitement is about.

On a personal note, the prayer for the bereaved family of Tony Ruston is a very touching reminder of how much we can lose and how important it is to support each other during difficult times. It’s a reminder to be kind and compassionate towards others, especially those who are going through tough times.

I hope this information has been helpful, and I encourage you to attend some of these events and get involved in your community. It can be a wonderful experience to be part of a supportive and caring group of people.

By the way, if you’re interested in attending any of these events or becoming involved in the community, I’d be happy to help connect you with the right people or resources. Just let me know if you have any questions or if there’s anything else I can do to help.

I hope you have a great day and that you find ways to make a positive impact in your community. Take care and stay safe,

Best regards,
[Your Name]
