

# TAKE 'n TALK

## Special Topic Lesson 2

### GENESIS 1

We are learning that **Our Creator God Is Awesome**. Today we learned God designed the human body to work together in a very special way. Use the following ideas to involve your child in family time and learning opportunities, reinforcing simple biblical themes.

### HEARTPRINT: OUR CREATOR GOD IS AWESOME

The Heartprint is the main Bible concept or truth from each unit that we want to imprint upon your child's heart. Repeating this Heartprint often may seem redundant, but it will serve as a vital aid in teaching this truth to your preschooler.

**APPLICATION VERSE:** The Lord is worthy of our glory, honor, and power because He created all things (Revelation 4:11).

#### PRACTICE

Practice to improve your child's small and large motor skills. Small motor skills include activities that involve the movement of small muscles utilizing hand-eye coordination. This involves things such as threading beads on yarn, playing with Play-Doh, cutting with scissors, and coloring with crayons. Large motor skills are activities that involve the large muscles of the arms, legs, and torso. They include things like jumping, running, riding a bike, and throwing and catching balls. Use these different activities to remind your child God is the creator each person and **Our Creator God Is Awesome!**

#### TALK

Name the different parts of the human body that are visible to your child (eyes, nose, arms, feet, etc.). Then talk about the different parts of the human body that aren't visible (brain, heart, lungs, bones, etc.). Go to your local library and check out some age-appropriate books that talk about the different parts of our bodies and how they all work together to keep our bodies functioning. Remind your child God designed our bodies so that it all works together in a specific way. When one part doesn't work correctly, it affects all of the other parts.

#### SING

Sing this song to the tune of "London Bridge."

**Our Creator God is awesome.**  
**God is awesome.**  
**God is awesome.**  
**Our Creator God is awesome**  
**He is awesome.**

#### RESPOND

Pray with your child and thank God for designing humans to be different from anything else. The following is a rhyme your child uses in class to settle down for prayer time:

**Open and shut them, open and shut them**  
(open and close fingers),  
**Give your hands a clap** (clap hands).  
**Open and shut them, open and shut them**  
(open and close fingers),  
**Put them in your lap** (put your hands together in your lap).

Even at this age, children can participate and learn to be still during a short prayer time.
